Brucella canis Antibody Testing

The current Brucella canis antibody test (via RSAT & 2ME-RSAT) utilized at UKVDL will be transitioned to an ELISA Brucella spp. antibody test kit. This is in response to the current test kit being discontinued by the manufacturer. The test price per sample ($17.50) for Brucella canis testing at UKVDL will not change, but the ELISA test is scheduled to be ran twice a week (Wednesdays/Fridays) at this time.

Method: ELISA Brucella spp. antibody test kit

Specimen type (optimal amount): Serum (1.5 ml serum or 7 ml red top tube without separator gel)

Fee: $17.50 per sample

Test Schedule: Wednesday/Friday; samples must be received by noon for same-day testing
